

Meet Your Mentor → Matthieu

Topics covered: Norms/Expectations, Energy/Motivation, make a friend

Who am I?

- Brussels, Belgium
- French
- Bethesda, Maryland
- Senior
- BA, Computer Science
- Minors: Applied Mathematics and Linguistics

What's a mentor? And why to we have to meet weekly?

A mentor is someone who already has LA experience.

Mentors help develop New LAs skills to become better LAs.

We are not experts but we are here to help you and guide you

We meet together weekly so that we can build a relationship and help each other out to become better LAs together. (professional relationships are important)

Norms and Expectations

- Be on time!
- Respectful
- Honest, don't lie to me or yourself
- Talking!! (but don't interrupt)
- Kind
- Supportive
- Encouraging
- Engaged and Motivated

What are we doing here?

Depending on the allocated time that we have, we will be working on:

- Pedagogical skills
- Goal setting
- Reviewing LAs performance such as audio transcript.
- Checking in on you to see how you are doing, how you feel, if any issues come up, asking you what you are doing as an LA
- Games???

In the end...

I want you to have fun!!!
